Dashboard with key stats

Product: AuthMachine

Can you read the text above? Probably - even if there may be a few words that you can not decipher right away.

In the sample text above, the middle letters have been randomly swapped; the first and last letters have remained unchanged in their position. When you think about it, it's fascinating what our brain can do.

- Python
- Django
- GraphQL
- ReactJS
- Todo: doesn't work on iPad
- Redux
